How is FWD Set for Life Plus different from other insurance plans?

FWD Set for Life Plus is a regular pay unit-linked investment plan that is well-positioned for people who want to start investing without the long-term commitment of paying for life. The payment term for this product is 5 or 10 years, but the plan will reward you for investing more and staying invested.

How long is the insurance protection provided by FWD Set for Life Plus?

FWD Set for Life Plus covers an insured person until age 100. The insurance protection will continue for as long as your plan has sufficient account value to pay for policy charges.

Who can purchase FWD Set for Life Plus? Who can be insured by it?
